Our Services

Learn more about the various services offered by Our Clinic and how we provide you with world-class care.

Echocardiograms

Associates is able to view the beating of the heart and many of its structures. Upon review, the cardiologist provides a interpretative report to patient's care

Pediatric Services

If you are expecting a child, follow-up care with Our clinic pediatricians can be arranged prior to or after your hospital/birth discharge. Preschool, sports & routine physical exams

Women's Healthcare

Women's health is a field covering the numerous health concerns that women face, from reproductive and sexual health to mammograms. Women are also more likely to develop chronic health issues

Dermatology

Our providers are trained to handle a spectrum of skin conditions, covering the majority of your dermatology concerns

Laboratory Testing

Laboratory orders are created within the patient's electronic medical record (EHR) and transmitted to our laboratory. Once the sample is obtained, testing is performed and results

Acute Diseases

An acute disease appears suddenly and lasts for a short amount of time. This is different from chronic diseases, which develop gradually and remain for months on end.

Chronic Disease

Turn to your doctor to have your chronic disease diagnosed and treated, and you can see your quality of life drastically improve. Don't hesitate - if you think you may be suffering the symptoms

Preventive Care

Millions of people die from illnesses that could have been prevented, such as cancer, diabetes and heart disease. Our goal is to help you arm yourself with both knowledge and quality medical care

Preventive Care

Millions of people die from illnesses that could have been prevented, such as cancer, diabetes and heart disease. Our goal is to help you arm yourself with both knowledge and quality medical care

If we had paid no more attention to our plants than we have to our children, we would now be living in a jungle of weed.

- Frank Kinney

Medicine is the restoration of discordant elements; sickness is the discord of the elements infused into the living body.

- Polly Walter

The art of medicine consists in amusing the patient while nature cures the disease. Wherever the art of medicine is loved.

- Jennie Clarke

Medicine is not only a science; it is also an art. It does not consist of compounding pills and plasters; it deals with the very processes of life

- Elmer Briggs
